<p>Saturday, December 12, 2020</p>	
<p>9.00 a.m. – 9.30 a.m.</p>	<p><u>“The Future is Now”</u> Every major industry is undergoing a transformation. Convergence of AI, robotics, virtual reality, digital technology and sensors among others would shape the world and alter the course of history. Some believe that the transition and future is some time away. The session will focus on “the Future is Now”.</p> <p><u>Address by:</u></p> <p>Dr Peter H. Diamandis, Founder and Executive Chairman, XPRIZE Foundation and Executive Founder and Director, Singularity University</p>
<p>9.30 a.m. – 10.30 a.m.</p>	<p><u>“AI & the New Digital World Ahead”</u> In a world marked by the COVID-19 pandemic, AI and digital technology’s transformative power are being accelerated in every sector. Manufacturing, health, education, government, and service sectors have been reshaped by insights gained from digital tools. At the core of this, data analytics, speech recognition and machine learning have helped industries formulate strategy and adapt to a changing future.</p> <p>What are the implications of this? As India scales new heights in innovation, its increased investment in emerging technologies cannot be missed. A sizeable portion of India’s \$5 trillion economy size should come from the research and development of AI in India. While the country moves towards manufacturing 4.0, AI is set to play a crucial role in spurring growth. India is in a unique position to thrive on the global digital wave with AI as its pivot.</p> <p>This session will review the country’s current technological development and trends in the AI space- explore its future possibilities and the way ahead for governments, firms, and businesses to utilise AI in the new normal</p> <p><u>Welcome & Introductory Remarks:</u></p> <p>Ms Nivruti Rai, Country Head, Intel India & Vice President, DPG, Intel Technology India Pvt. Ltd.</p> <p><u>Fireside Chat</u> Dr Sangita Reddy, President, FICCI & Mr Satya Nadella, Chief Executive Officer, Microsoft</p> <p><u>Speakers:</u></p> <ul style="list-style-type: none"> • Mr Raja Koduri, Chief Architect, Intel Corporation • Dr Anish Shah, Dy MD & Group CFO, Mahindra Group • Dr Eric Schmidt, ex-Chairman Alphabet and Chairman of National Security Commission on AI (NSCAI) • Prof. Karim R. Lakhani, Charles Edward Wilson Professor of Business Administration, Harvard Business School

<p>10.30 a.m.- 10.45 a.m.</p>	<p><u>“Inspired India: A Business Leader’s Perspective”</u></p> <p>“Our country is as strong as our enterprise” Role of the corporate sector, the leadership provided by business leaders and how they cooperate and partner with stakeholders will be the crux of our future for inclusive and sustainable growth. Mr N Chandrasekaran, Chairman, Tata Sons, would share a business leader’s perspective.</p> <p><u>Address by:</u></p> <p>Mr N Chandrasekaran, Chairman, Tata Sons</p>
<p>11.00 a.m.- 11.50 a.m.</p>	<p><u>Inauguration of the FICCI Annual Convention:</u></p> <p>Shri Narendra Modi, Hon'ble Prime Minister of India</p>
<p>11.50 a.m.- 1 p.m.</p>	<p><u>“Atmanirbhar Bharat – Manufacturing”</u></p> <p>At a time when lockdowns have become a feature of the new normal, the world we live in has transformed ever so quickly, and most noticeably in the manufacturing sector. Firms have reinvented and redesigned manufacturing processes- including logistics, delivery, and payment methods. Collaboration among firms, both domestic and international, has created a new eco-system to closely connect suppliers, customers, manufacturers, and other stakeholders in the supply chain.</p> <p>This has created a vast opportunity for India to integrate with the global supply chain and more so for our MSMEs. The government’s policies on ‘Atmanirbhar Bharat’ in which PLI is going to play a major role along with reforms in land and labour laws, can not only make us self-reliant but also enable us to supply to the world on large scale. This will help grow our manufacturing from 16 – 24% of GDP along with the promise of employment to many.</p> <p>The use of digital technology, AI, ML, IOT & 3D Printing and sharing of data in real-time both within the organisation and across the supply chain are transforming the manufacturing landscape and can catapult our Industry to the next level of innovation platform with a global competitive edge.</p> <p>The session will focus on the current initiatives taken by the Government under PLI, MSME, Financing and many more reforms that are integral to a globally competitive manufacturing sector.</p> <p><u>Keynote Address on “Role of MSME’s in Atmanirbhar Bharat” by:</u></p> <p>Shri Nitin Gadkari, Hon'ble Minister for MSME, Road Transport & Highways, Government of India</p> <p><u>Special Address on “PLI for Exponential Growth of Manufacturing” by:</u></p> <p>Shri Amitabh Kant, CEO, NITI Aayog</p> <p><u>Discussants:</u></p> <ul style="list-style-type: none"> • Mr Hemant Malik, Divisional Chief Executive, Food Business, ITC Limited, ITC Green Centre • Mr Sunil Vachani, Chairman, Dixon Technologies India Ltd.

<p>1 p.m. – 1.30 p.m.</p>	<p><u>"The Building Blocks of the New India"</u> FICCI's Annual Convention with the theme "Inspired India", is a platform and an occasion to discuss the way forward in creating the building blocks of a new India. Traditional sectors like textiles and apparel, leather, gems, and jewellery have played a key role, over the years. However, the IT & BPO sector, the automobile sector, the telecom sectors, and more recently the AI & digital sector have created a new set of entrepreneurs.</p> <p>As the country steers into a new era of digitisation, which sector will continue to be the building blocks of a new India: which new sectors will emerge! What would be the nature of entrepreneurship and what are the key enablers for EODB in the economic map of India.</p> <p>In this session, Shri Piyush Goyal Hon'ble Minister for Commerce & Industry will share his views, thoughts, and ideas on the New Building blocks of a new India.</p> <p><u>Address by:</u> Shri Piyush Goyal, Hon'ble Minister for Commerce & Industry & Railways, Government of India</p>
<p>1.30 p.m. – 2.30 p.m.</p>	<p>Lunch</p>
<p>2.30 p.m. – 3.00 p.m.</p>	<p><u>"Economic Diplomacy & Atmanirbhar Bharat"</u> In the new world order, economic diplomacy will be a key determinant of international relations. For India, the mantra is to weave together interdependence and self-reliance while reaffirming bilateral and regional understanding and creating a conducive multilateral framework for the assertive, self-reliant India of the 21st century.</p> <p>The growing emphasis on economic diplomacy is timely to realise the vision of Atmanirbhar Bharat through the promotion of successful global partnerships. To discuss the exciting new frontiers and ambitious vision for India through the foreign policy lens, President Elect FICCI engages India's dynamic Minister for External Affairs in a one to one power chat at an exclusive session at FICCI Annual Convention. The conversation covers the vision of Atmanirbhar Bharat, the role of Economic Diplomacy in enabling successful partnerships by taking India to the word and bringing the best of the world to India.</p> <p>Mr Uday Shankar, President- Elect, FICCI</p> <p>in Conversation with</p> <p>Dr S Jaishankar, Hon'ble Minister for External Affairs, Government of India</p>
<p>3.00 p.m. – 3.30 p.m.</p>	<p><u>"Could this be the Decade for the Emerging Markets"</u> Many emerging markets in the past have grown to be developed countries today. These countries pursued a definite growth agenda, with a strong focus on manufacturing and based on a strong partnership with large economies. Developed countries are facing a unique set of their own challenges. India is a leading emerging market. India is also developing strategic relationships with countries and investors around the world.</p> <p>This session explores could this be the decade of the emerging markets including India. What would it take for India to make the transition and how could India reimagine the economic relationship with strategic partners.</p> <p><u>Keynote Address by:</u></p> <p>Mr Ruchir Sharma, Head of Emerging Markets & Chief Global Strategist, Morgan Stanley Investment Management</p>

3.30 p.m. – 3.45 p.m.	Break
3.45 p.m. – 5.00 p.m.	<p><u>“Vaccine Magic and reimagining healthcare in a post COVID world”</u></p> <p>This pandemic has highlighted the need for a complete overhaul and for providers and Governments to reimagine the ways of healthcare delivery. Nations and States are already re-evaluating the healthcare systems and processes and as a result, the Telemedicine Guidelines were issued, Production linked incentive schemes for the manufacture of API's and Key intermediates as well as medical equipment were launched.</p> <p>The Indian government also announced the National Healthcare Digital Mission. As the world waits for a vaccine to defeat COVID-19, many questions are being raised about adequate availability of the vaccine, effective distribution networks, the supply chain, the delivery and inoculation capability, public trust and most essential, global co-operation, are some of it. The cost of such a massive immunization programme weighs on the minds of people and governments alike.</p> <p>As the world moves to a contactless economy, drivers like Telehealth, IoT, AI can play a crucial role in the delivery of Healthcare, this will define new standards of patient care and treatment pathways.</p> <p>This session will review the lessons learnt, evaluate which parts of the initiatives accelerated during the crisis will become mainstream and what Private- Public Partnerships would emerge and how nations can and will collaborate going forward. What is the current state of the development of vaccine, when could one reasonably expect the vaccine to be available, what is the preparedness in terms of manufacture, distribution and delivery, what more could be done for this to be accelerated through partnerships within India and globally.</p> <p>This Session will also discuss how India could become a leading vaccine, pharmaceuticals and healthcare provider to the world and how we will vaccinate 1B people!</p> <p><u>Keynote Speaker:</u></p> <p>Dr V K Paul, Member, NITI Aayog</p> <p><u>Special Address:</u></p> <p>Dr Prathap C Reddy, Chairman, Apollo Hospitals Group</p> <p><u>Special Address:</u></p> <p>Lord David Prior, Chair, NHS England</p> <p><u>Panellists:</u></p> <ul style="list-style-type: none"> • Dr Habil Khorakiwala, Past President, FICCI & Chairman, Wockhardt Limited • Mr Pankaj Patel, Past President, FICCI & Chairman, Cadila Healthcare Ltd. • Dr Krishna Ella, CMD, Bharat Biotech International Ltd • Mr Gagandeep Singh, Country President, AstraZeneca • Mr S Sridhar, Managing Director, Pfizer India Limited

<p>5.00 p.m. - 5.30 p.m.</p>	<p><u>“Aspiring Odisha for Inspired India”</u> States are the building block and growth engines of the country. The “inspired India” is in a way all about the states realizing their full potential and lead the charge for an India of tomorrow. Odisha has seen tremendous growth over the years and has emerged as one of the most sought after investment destinations in the country. The session explores the factors behind its growth story with Hon’ble Chief Minister of Odisha sharing his vision for the all round development.</p> <p><u>Interventions by Industry Leaders</u></p> <ul style="list-style-type: none"> • Mr Harsh Pati Singhania, Past President, FICCI & Vice Chairman & MD, J K Paper Ltd • Mr Sandip Somany, Past President, FICCI & Vice Chairman & Managing Director, Somany Impresa Group <p><u>Address by:</u> Shri Naveen Patnaik, Hon’ble Chief Minister of Odisha</p>
<p>5.30 p.m. – 7.00 p.m.</p>	<p><u>“CAPITAL - funding India’s US\$ 5 trillion economy”</u></p> <p>“It’s all about the Money, Honey”</p> <p>As India aspires to be a \$5 trillion economy by 2024-2025, analysts believe that it might take two or three years longer due to the global pandemic. For the country to achieve its dream, the growth rate in the post-pandemic recovery phase will have to be over 10-12 % consistently. This would require significant investment from the private sector and the government. Banks too will have a crucial role to play in this.</p> <p>Capital in India is accessed and dispersed differently from other parts of the world. Understanding the nuances, structure and the entire ecosystem for an accelerated growth is critical.</p> <p>A number of policy announcements, by both the central and state governments, have aimed to attract FDI. However, a large amount of capital could push the needle towards creating a \$5 trillion economy. This requires increased participation from the private sector, including PE firms, venture capitalists, and start-ups.</p> <p>This session will discuss how India will create a financial architecture for a \$5 trillion economy. The session will examine and explore the possibilities of new initiatives, and the actions regulators, government, and industry could take. The role of FDI, FII, PE & VC funds in this enormous proposition will be a key focus area of the session.</p> <p><u>Keynote Address:</u> Mr Mark Machin, President, Canada Pension Plan Investment Board</p> <p><u>Moderation by:</u> Mr Rashesh Shah, Past President, FICCI & Chairman & CEO, Edelweiss Group</p> <p><u>Panellists:</u></p> <ul style="list-style-type: none"> • Mr Ashwani Bhatia, Managing Director, State Bank of India • Mr Sanjay Nayar, Partner and CEO, KKR India • Mr Bhargav Dasgupta, Chairman, FICCI National Committee on Insurance & Managing Director & CEO, ICICI Lombard General Insurance

Monday, December 14, 2020	
<p>9.00 a.m. – 9.30 a.m.</p>	<p><u>“Leveraging ICT for Economic Revival in Post COVID-19 Era”</u></p> <p>COVID-19 has transformed the digital adoption among nations, institutions, industry and individuals. Data is the new Oil. The government had launched the Digital India initiative. The JAM trinity has enabled the introduction and expansion of digital payments among other benefits. It is clear that the electronics Sector in India would be a key driver of growth going forward. Many initiatives such as the PLI Scheme to attract manufacturing have been announced. Major relaxations on enabling work from home have also been announced.</p> <p>This session would focus on what it would take to mainstream the COVID led adoption in the new normal, what are the next steps in making India a Global Electronics hub.</p> <p><u>Address by:</u></p> <p>Shri Ravi Shankar Prasad, Hon’ble Minister for Law & Justice, Communications and Electronics & Information Technology, Government of India</p>
<p>9.30 a.m. - 10.00 a.m.</p>	<p><u>“Quest for Sufficiency & Sustainability of Indian Power Sector”</u></p> <p>As economic activity grows and we move towards a 5 Trillion \$ Economy, the need for energy would grow. In addition with India leading the adoption of targets as envisaged in the Paris accord, the share of renewables in the total share of power would continue to rise. The Government has taken a number of initiatives in both the power as well as renewable sector. Many more reforms are underway.</p> <p>This session would focus on how India could attain both sufficiency and sustainability in the Power Sector. As well as how to build on the current reforms, the proposed new measures and the need for greater stakeholder collaboration and partnership.</p> <p><u>Address by:</u></p> <p>Shri R K Singh, Hon’ble Minister for Power, Government of India</p>
<p>10.00 a.m.- 11.00 a.m.</p>	<p><u>“Edu-volution and the Future of Jobs”</u></p> <p>The pandemic has radically altered the education and skills sector. In a world where lockdowns have suspended regular life, classes and exams have moved online. The education sector, especially during the COVID-19 pandemic has undergone a paradigm shift and has re-invented itself.</p> <p>As firms have continued to invest in technology for services, payments, and even contactless delivery, the required skill sets have also undergone a change. Every sector from manufacturing to healthcare is undergoing significant changes. It is now important for us to create a culture of lifetime learning and education and resist traditional models and embrace a Digi physical approach. This transition to a digital world however has challenges around access, affordability, and acceptability. To bridge this gap, the government has rolled out the New Education Policy (NEP) 2020, with focus on Education & Skilling as integral to India’s economic success.</p> <p>This session will focus on these critical areas, explore what would the jobs of the future look like, review various facets of the NEP and discuss the way forward. Deliberate on the importance of skills and education that will prime India’s youth for the future.</p>

	<p>Presentation by Gifted Children from Pravaha Foundation</p> <p><u>Opening Remarks & Session Moderation:</u> Mr Manish Sabharwal, Chairman of the Board of Directors, TeamLease Services Ltd</p> <p><u>Address by:</u> Mr Azim Premji, Non-Executive Chairman, Wipro Ltd.</p> <p><u>Keynote Address by:</u> Dr K Kasturirangan, Chancellor of Central University of Rajasthan and NIIT University</p> <p><u>Panellists:</u></p> <ul style="list-style-type: none"> • Mr Ritesh Agarwal, Founder & Group CEO, OYO Hotels and Homes • Mr Ashish Dhawan, Founder & Chairman, Central Square Foundation • Mr Mayank Kumar, Co-founder & M.D. upGrad
<p>11.00 a.m.- 11.30 a.m.</p>	<p>When COVID-19 hit India, like the rest of the world, we too were forced to innovate, re-strategize, build new skills and strengths and look forward with a renewed focus on health and humanity. India set an example as it re-imagined itself and inspired itself with unique strength in its thoughts and actions focusing on CAN, SHOULD and WILL and emerging stronger from this crisis.</p> <p>How can India with its inherent strengths residing in its vibrancy of industry, to the strength of its leadership, educated and hardworking middle class and high potential youth ensure that we reach our rightful place in the world and emerge as a strong economy and an enlightened nation – our “Inspired India”.</p> <p><u>Session with:</u></p> <p>Shri Anand Sharma, Hon’ble Member of Parliament & Deputy Leader of Opposition in Rajya Sabha</p>
<p>11.30 a.m. 12.00 noon</p>	<p>Tea Break</p>
<p>12.00 noon -12.30 p.m.</p>	<p><u>Valedictory Session:</u></p> <p><u>Address by:</u> Shri Rajnath Singh, Hon’ble Minister for Defence, Government of India</p>
